Authorization for this examiner's amendment was given in a telephone interview with Joseph Kent on 8/30/2007.

***Continued Examination Under 37 CFR 1.114***

2. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 6/26/2007 has been entered.

***Reasons for Allowance***

3. The following is an examiner's statement of reasons for allowance. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

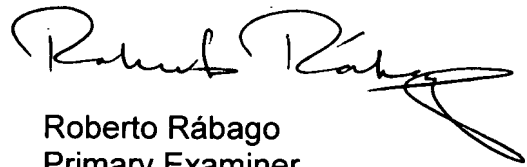

The claims are allowed in view of amendment requiring a minimum conversion of acidic monomers of at least 13%. Support for this value exists in the working examples wherein methacrylic acid is polymerized to conversions far exceeding 13%; since these polymerizations would necessarily pass through the claimed value of acidic monomer conversion, sufficient support exists for the newly claimed value. Applicants have shown in Comparative Example 4 that when using ligands of the type recommended in Matyjaszewski '937, conversion would not be expected to reach 13% (see Table 6). Furthermore, copolymerization of methyl methacrylate with methacrylic acid as shown in Example 6 of US 2004/0171779 attains only 11.8% conversion, and the reference includes no teaching of how to improve upon such low acidic monomer conversion.

4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Roberto Rábago whose telephone number is (571) 272-1109. The examiner can normally be reached on Monday - Friday from 8:00 - 4:00.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, David Wu can be reached on (571) 272-1114. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
